### Class Description

**Children 8U** will use the red ball or foam ball and play in 36 ft. court. Not only does this progression system lead to more immediate success, it also follows the United States Tennis Association format, for children who wish to be competitive in tournaments.

**Ages 4-6:** This class will introduce children to the racquet and work on hand-eye coordination, balance, and sending and receiving skills. Furthermore, they will get great exercise as they learn to track the ball and use racquet control. Fun is the main emphasis!

**Ages 5-8:** Children continue to develop hand-eye coordination and basic athletic skills. The goal is to get these children to hit the ball back and forth cooperatively (rallying). They will also work on racquet control and balance. Strong emphasis on a FUN, social atmosphere, while getting great exercise!
